Stan – the letter is public information. I am aware of the Water District's request to receive copies of correspondence regarding the site and should have copied you directly. The Navy has acknowledged that they have received it and staff are preparing a response. Jim H

Stan

As per our discussion here is NYSDEC's letter to the Navy.

As I noted, NYSDEC recently sent a letter to Northrop Grumman regarding the order. I will ask Jim via this email if NYSDEC is able to release this letter or if it is enforcement confidential.

Thanks

Doug
